

**Who we are – What
we do!**

Who Is FormoClean?

Our mission is to help persons and organizations create **Healthier, Cleaner, Spaces** – “**Together we can make Healthier Cleaner Spaces**”. We’re more than just another manufacturer of disinfectant products. We partner with organizations to create solutions for them that allow them to implement sustainable and effective programs that promote healthier & cleaner spaces and environments for all.

COVID19 – New Challenges Facing All

- The unexpected nature of the COVID19 has had a dramatic effect on global supply chain & procurement teams
- Procurement teams are now forced to secure a consistent supply of products they've never been expected to before - Items such as hand sanitizer, dispensing stands, and disinfectant products.
- High demand and shortages have led to sourcing nightmares and almost insurmountable challenge for procurement
- There are many offers for “Short Term Fixes”, organizations need assurance they can have products to keep their employee's and customers safe on a daily basis

COVID19 – FormoClean's Response

Since the onset of COVID19 the philosophy at FormoClean hasn't changed. We are still guided by our mission to create, **Healthier, Cleaner, Spaces**. We've carried forward our commitment of provide sanitizing products, and working with corporate clients to create a consistent, sustainable supply.

The FormoClean Program

Together we can **Sustain** healthier, cleaner, spaces!

- 1) Our team works closely with procurement and operation teams to understand the specific needs of each organization
- 2) We then create a supply program tailored to those specific needs. The programs include:
 - 1) Flexible purchase requirements and stocking options
 - 2) Competitive pricing to help keep costs down
 - 3) Assurance of consistent supply of product
 - 4) Reserve stock always on hand to ensure any rush or emergency needs or situations can be met
 - 5) Dedicated account rep to ensure your needs are taken care of
 - 6) Customer Service team on call at all times
- 3) We have aggressive initial lead times to help you get product in your hands ASAP!
